

SUGGESTED SEQUENCE MODELS FOR COLLEGE OF BUSINESS MAJORS⁽¹⁾

Requirements – All Majors:

Minimum Hours for Graduation: 124 SH with at least 25 percent of degree requirements at Athens State.

Must complete all general education and pre-professional courses required for degree or major.

Must complete a minimum of 60 semester hours from an accredited baccalaureate degree-granting institution.

Can apply no more than 64 semester hours from a community college or non-traditional credit toward degree.

Some of these models do not include general education or pre-professional requirements. Adjustments to number of semester hours per term or terms of enrollment must be made as needed if student has not completed all general education or pre-professional requirements.

(1) Degree programs in the College of Business are developed to ensure that students who complete the programs possess the skills and competencies for successful careers or further academic study. To obtain the maximum benefit from the programs, some sequencing of courses is necessary. The models above reflect suggested sequencing. Observance of prerequisites will ensure that you have the background knowledge to obtain the maximum benefit from the curriculum. Please consult the Catalog for prerequisites to courses you plan to take. The following recommendations apply to all majors:

- The following course MUST be taken in your first term: MG 320, UNV 300
- The following courses should be taken in your first term: AC/MG 302, MG 346
- The following courses should be taken in your last term: MG 420, MG 480, UNV 400

(2) All COB majors will be required to purchase LiveText's Accreditation Management System™ when enrolled in MG 320 to maintain a portfolio for assessment purposes. Please see course syllabi for details. LiveText will then be used in all core courses.

(3) Minor courses should be taken as they are offered.

For additional information regarding advising and scheduling, please consult the Advising and Scheduling Information posted on the COB website.
