PROPOSALS

PROPOSAL #1 COLLEGE OF ARTS AND SCIENCE

Presenter: Ron Fritze

Addition of a music minor: This minor is open to students in all majors, although it is designed particularly for students who have transferred to Athens State from one of the community colleges where they earned an AS with a music concentration. Students will be able to complete the minor and combine it with another major or program of study. Such a minor would be valuable to students in the Teacher Education Program as it would qualify them to direct a school choir. It would also provide students with the foundation to be a church or community choir director as a full- or part-time job)

- Moved to accept: Chris Otto
- Seconded the motion – Mary Harris
- All approved

PROPOSAL #2 COLLEGE OF BUSINESS

Presenter: Kim Robertson

Change for LSM majors only (Logistic and Supply Chain): Revise catalog to say “selected courses from ACM, ESM, ISM, MK courses or OM minor courses”. Revise Degree Works to include MG 391, 393, 395, 400, 409, as courses that would satisfy the 6 hours.

- Moved to accept: Chris Otto
- Seconded the motion: Debbie Ferguson
- All approved
