GENERAL BUSINESS

1. No New Business

COLLEGE OF BUSINESS

1. Addition of Course: MG 482

- Presented by Wayne McCain

1. Second course in a series following MG 481. We are revamping Aviation Mgt which is now Aerospace Mgt. This will be a portion of a new NISP for a new degree in the area partnering with other institutions.
- Questions
 1. **Derek Newland:** MG 481 isn't found in any of the programs or the minor, so is it actually being offered?
 - a. **Wayne McCain:** Yes, it is being offered this term. However, the enrollments are low so they are normally offered as an independent study.
 2. **Cyndi** – Has a CRR for the overall program been made yet?
 - a. **Wayne McCain:** Not yet. We are working on making sure some of the agencies associated with the problem have been consulted concerned what skills are needed in their workplace.
 3. **Derek Newland:** If you are creating a new degree, is this going to be a MG course or an ASM or some other prefix course.
 - a. **Wayne McCain:** Yes. When everything gets pushed through, we'll come back and change that.
 4. **Cyndi Lovelace:** If you are hoping to offer it in the summer, do you have students identified to take it?
 - a. **Wayne McCain:** Yes, we have four students identified that have said they will take it.
 5. **Tom Pieplow:** Why are you rebranding the program?
 - a. **Wayne McCain:** It will hopefully appeal to a broader area with the space industries coming into the area. Additionally, the airline industries have taken a hit lately, so broadening out will hopefully tap a new potential student body.
